NON EXPLOSIVE BURNING FLUID.

In Dayton and Montgomery county, I am now prepared to offer it to the public. Having seen and make agreed variety of the most dangerous experiments with the Find, I am fully assured that. It may be used with PERFECT SAFETY and without the slightest possibility of accident, and will not explode under any ordinary use of Burning Find. I have fully tested its merits in presence of all of our best Chemists, and many ethicas. All pronounce it of the utmost importance to every family as a safe and brilliant Light. It is used in the same Lamps as the common Find, and although a little more expensive in the manufacture, will be nod at a Jery slight advance over common Find.
